

## Law Firm Chilliwack

Law Firm Chilliwack - Leading the way in the private equity marketplace, our team has been extensively involved in some of the most significant private equity dealings in the history of our nation. We work along with the private equity firms and financial institutions for assistance in problems associated to financial transactions and in dispositions and acquisitions of businesses. Our team helps private equity fund sponsors in the ongoing maintenance and formation of funds.

Our company has complementary practice areas from which our private equity team is able to draw. To offer successful private equity investments and management of portfolio businesses, we have gained extensive experience to provide our private equity clients with capital markets, banking, antitrust, mergers and acquisitions, tax, pensions and benefits, intellectual property, real estate, corporate governance, employment and labour, environmental, insolvency and restructuring.

In the private equity market, we have built contacts and relationships along with Canadian, American, as well as global clients. Our close relationships would help enable us to foresee possibilities and connect our clientele to each other for their mutual benefit. Some of these relationships consist of public companies and private companies, institutional investors, leading private equity firms, pension funds, entrepreneurs, venture capital firms and financial institutions. Our private equity clients benefit from the sources of debt financing wherein we could connect them. If our clients like to sell or buy businesses, we could introduce them to probable buyers or sellers.

In order to offer domestic legal advice and assistance with transaction execution, we are regularly called to help lead counsels in foreign transactions. For whatever cross-border private equity transactions which otherwise have worldwide components, we would regularly collaborate with international law firms. In overseas or foreign transactions, we work with top foreign law companies to get advice regarding foreign legal considerations.
