

Securities Lawyer Chilliwack

Securities Lawyer Chilliwack - Clients rely on us to help them in accessing both the public and private capital markets. Our seasoned legal professionals offer suggestion concerning the accumulation of money in the structure of applicable securities regulations, policies and laws. Both issuers and underwriters are part of our client base, looking for assistance with offerings of equity and debt securities. Furthermore, we even act for investors and issuers concerning seed capital and venture capital offerings and private placements. Our company can also assist our clients in meeting applicable continuous disclosure and annual meeting requirements.

Our office often represents some law firms across the nation. We help complete cross-jurisdictional transactions, which normally requires us to evaluate a transaction from the regulatory compliance's point of view, sending any needed applications to the Securities Commission, and meeting with staff at the Commission.

Local and national publicly traded issuers, independent corporate finance firms, venture capital funds, the securities divisions of law firms, chartered banks, portfolio managers and investment counsel, and mutual funds consultants are all amongst our diverse client base.
