

Chilliwack Bankruptcy Lawyers

Chilliwack Bankruptcy Lawyers - In stressful economic times opportunities arise in the midst of the chaos. Our Business Solutions and Restructuring Group helps our clients to seize these rare opportunities making use of our unique multi-disciplinary approach. We are easily situated in the majority of provinces/territories in Canada. Our lawyers pride themselves on going the added mile to be able to find solutions outside the traditional alternatives while still maintaining the company's reputation as an efficient and reasonable firm.

Our team of lawyers are knowledgeable in many of the facets of domestic and international insolvency and bankruptcy law. We have experience working on cases about the Bankruptcy and Insolvency Act, Canada Business Corporations Act as well as the Companies Creditors Arrangement Act. As well, we have skills in preference legislation, personal property security, and provincial business corporation. When needed, our firm searches for outside opinions to ensure quality service is maintained

To be able to make certain that companies are successful financially, in restructuring matters liquidators, stakeholders, debtors acting for secured and unsecured trustees, creditors, receivers, proposal trustees, monitors and managers in bankruptcy will all depend on recommendation from our company. We provide unique and individualized alternatives for those who are looking to profit from the existing financial condition.

Our company even has extensive knowledge in the fraud part of Bankruptcy Law. We make certain that the lawyer designated to your case is part of the whole procedure, from the beginning investigations all the way to the recovery of the clients possessions. Our company has acted as a independent monitor in "Anton Piller Orders", that are civil search warrants.

Officers and individual directors, plus board of directors will ask for our advice concerning corporate matters. Such matters might include their fiduciary duties, liabilities and obligations.
