

Chilliwack Criminal Lawyer

Chilliwack Criminal Lawyer - Our company focuses in providing legal solutions regarding commercial and insurance theft and fraud. Even if the international commercial crime rates are on the rise, governments seem to be allocating less funds to fight this trend. As such, disputes that were dealt with by the government have currently been passed down to the civil courts.

Our company has tremendous experience in criminal matters as well as civil matters. They make use of their skill in these areas, along with our firm's personal contacts, to be able to make sure we provide our client with all the needed resources. The preliminary investigation is important to the end resolution of a fraud lawsuit. Because of this, our lawyers work frequently along with the police department, as well as other investigative agencies and forensic accountants, statistical and computer professionals, handwriting analysts, and private investigators to be able to ensure that a comprehensive investigation is done.

For the clients that may be interested; we provide private seminars about cutting-edge problems. We offer our opinions about many matters and discuss all the legal aspects which relate to the topics.
